Address: 591 Mystic Springs Road
McDavid, FL 32568

The Northwest Florida Water Management District purchased much of the river's lower floodplain in 1984 to protect and preserve the water quality of the river. Additional purchases in 1995 provided extra protection upstream to State Road 4. The Escambia River Water Management Area stretches from the Escambia Bay to just north of the State Highway 4 bridge east of Century.
