

**Legislative Springs Projects in NFWWMD by Fiscal Year  
as of November 12, 2019**

<b>FY</b>	<b>Project</b>	<b>Cooperator</b>	<b>State Funding</b>	<b>Match</b>	<b>Total</b>	<b>Spring</b>	<b>County</b>	<b>Status</b>	<b>Project Type</b>	<b>Description</b>
13-14	Jackson Blue Spring Agricultural BMP Producer Cost Share Grant Program	NFWWMD	\$752,000	\$484,169	\$1,236,169	Jackson Blue Spring	Jackson	Complete	Agricultural or ag-related	Cost-share funding for agricultural BMPs within the Jackson Blue Spring contribution area to improve water use efficiency and reduce nutrient loading. Also supports MIL.
13-14	Williford Spring Restoration	NFWWMD	\$377,000	\$1,737,595	\$2,114,595	Williford Spring	Washington	Complete	Spring restoration	Restoration/protection of spring banks; with sediment removal and public access improvement – Econfina Springs Complex.
14-15	Claiborne Aquifer Water Supply	NFWWMD	\$354,121	\$5,450	\$359,572	Jackson Blue Spring	Jackson	Complete	Agricultural or ag-related	Initiates Claiborne aquifer testing within the Jackson Blue Spring contribution area. Determine aquifer's viability as an alternative water source to offset demand on the Floridan Aquifer.
14-15	Cotton Landing Spring Restoration	NFWWMD	\$190,000	\$125,000	\$315,000	Holmes Creek Springs	Washington	Complete	Spring restoration	Stabilize and restore the stream banks on Holmes Creek (major western Panhandle spring run).
14-15	Devil's Hole Spring Restoration	NFWWMD	\$145,000	\$26,150	\$171,150	Devil's Hole Spring	Washington	Complete	Spring restoration	Stabilize, restore, and protect stream banks at Devil's Hole Spring, Econfina Springs Complex.
14-15	Jackson Blue Spring Agricultural BMP Producer Cost Share Grant Program	NFWWMD	\$487,500	\$308,260	\$795,760	Jackson Blue Spring	Jackson	Complete	Agricultural or ag-related	Cost-share funding for agricultural BMPs within the Jackson Blue Spring contribution area to improve water use efficiency and reduce nutrient loading.
14-15	Wakulla County Wastewater Improvements - Magnolia Gardens	Wakulla County	\$2,300,000	\$3,856,600	\$6,156,600	Wakulla Springs	Wakulla	Complete	Septic to sewer connection	Design and construction to connect approximately 180 septic systems to center sewer within the Wakulla Springs Priority Focus Area 2.
14-15	Wakulla County Wastewater Improvements - Wakulla Gardens	Wakulla County	\$2,300,000	\$3,856,600	\$6,156,600	Wakulla Springs	Wakulla	Complete	Septic to sewer connection	Design and construction to connect approximately 90 septic systems to central sewer within the Wakulla Springs Priority Focus Area 2. Combined with Magnolia Gardens 14-15 project, estimated N-loading reduction of approximately 2,198 lbs/yr.
14-15	Leon County Wastewater Improvements - Woodside Heights	Leon County	\$500,000	\$500,000	\$1,000,000	Wakulla Springs	Leon	Construction	Septic to sewer connection	Design and construction to connect approximately 50 septic systems to central sewer within the Wakulla Springs Priority Focus Area 1.
15-16	Bay County Land Acquisition and Restoration	NFWWMD	\$74,029	\$0	\$74,029	Gainer Springs	Bay	Complete	Land acquisition	Fee-simple acquisition and floodplain restoration of ~3 acres along Econfina Creek, including ~300 feet of floodplain habitat restoration.
15-16	Blue Springs Plantation, Inc. Land Acquisition	NFWWMD	\$10,624	\$0	\$10,624	Jackson Blue Spring	Jackson	Complete	Land acquisition	Fee-simple acquisition and protection of approximately 394 acres adjacent to Jackson Blue Spring.
15-16	Jackson Blue Spring Agricultural BMP Producer Cost Share Grant Program	NFWWMD	\$1,000,000	\$333,333	\$1,333,333	Jackson Blue Spring	Jackson	Complete	Agricultural or ag-related	Continue to implement agricultural cost-share program. Assist approximately 32 producers in the Jackson Blue Spring basin with retrofits to improve water quality and quantity. Previous efforts have funded 33 producers.
15-16	Indian Springs Sewer Extension Phase I	Jackson County	\$1,450,000	\$500,000	\$1,950,000	Jackson Blue Spring	Jackson	Construction	Septic to sewer connection	Extend central sewer to lower Indian Springs subdivision, serving 125 homes, install onsite grinders for each home, and abandon septic systems, reducing nitrate levels in Merritt's Mill Pond and Jackson Blue Springs.
15-16	Leon County Wastewater Improvements - Woodside Heights, Phase II	Leon County	\$1,950,000	\$1,950,000	\$3,900,000	Wakulla Springs	Leon	Construction	Septic to sewer connection	Design and construction to connect approximately 150 homes in the Woodside Heights community to central sewer system. Project will eliminate failing septic tanks and connect to the City of Tallahassee AWT facility. Combined with Phase I, estimated N-loading reduction of approximately 2,780 lbs/yr.
15-16	Wakulla County Wastewater Improvements - Magnolia Gardens, Phase II	Wakulla County	\$1,560,000	\$0	\$1,560,000	Wakulla Springs	Wakulla	Construction	Septic to sewer connection	Continue to expand and connect individual septic tank customers in the Magnolia Gardens neighborhood to the County's AWT facility. Approximately 120 homes connected. Combined with Phase I, estimated N-loading reduction of approximately 2,442 lbs/yr.

**Legislative Springs Projects in NFWWMD by Fiscal Year  
as of November 12, 2019**

<b>FY</b>	<b>Project</b>	<b>Cooperator</b>	<b>State Funding</b>	<b>Match</b>	<b>Total</b>	<b>Spring</b>	<b>County</b>	<b>Status</b>	<b>Project Type</b>	<b>Description</b>
15-16	Wakulla County Wastewater Improvements - Wakulla Gardens, Phase II	Wakulla County	\$4,240,000	\$0	\$4,240,000	Wakulla Springs	Wakulla	Construction	Septic to sewer connection	Continue to expand and connect individual septic tank customers in the Wakulla Gardens neighborhood to the County's AWT facility. Approximately 326 additional homes connected. Total estimated N-loading reduction for both phases of Magnolia and Wakulla Gardens is 5,828 lbs/yr.
15-16	Pittman Land Acquisition	NFWWMD	\$686,568	\$0	\$686,568	Jackson Blue Spring	Jackson	In progress	Land acquisition	Fee-simple and/or less-than-fee acquisition and protection of approximately 167 agricultural acres within the Jackson Blue groundwater contribution area.
16-17	Cypress Spring Protection and Restoration	NFWWMD	\$1,100,000	\$0	\$1,100,000	Cypress Spring	Washington	Acquisition complete; restoration under design	Land acquisition	Fee and/or less-than-fee acquisition (conservation easement) of up to 303.55 acres at second magnitude spring along Holmes Creek in central Washington County. Project also includes limited restoration and access improvements.
16-17	Septic Connection to Existing Sewer in the Wakulla BMAP	City of Tallahassee	\$637,000	\$1,950,000	\$2,587,000	Wakulla Springs	Leon	Construction	Septic to sewer connection	Connect up to 130 properties currently on OSTDS to existing central sewer in the Wakulla BMAP Priority Focus Area 1.
16-17	Econfina Blue Spring Camp Improvements	NFWWMD	\$200,000	\$0	\$200,000	Econfina Creek springs	Washington	Construction	Spring restoration	Public access improvements, shoreline, and spring vent restoration and protection at Blue Spring Camp, a major camping and recreation area on Econfina Creek, and shoreline restoration to a MFL priority waterbody. The project will provide approximately 150 linear feet of shoreline and spring vent restoration, reducing erosion and sedimentation into Econfina Blue Spring and an adjacent smaller spring.
16-17	Blue Springs Road Sewer Project	Jackson County	\$3,401,200	\$0	\$3,401,200	Jackson Blue Spring	Jackson	Design	Septic to sewer connection	Design, permit, and construct central sewer service for the Jackson Blue Springs Recreational Area and approximately 56 homes along Blue Springs Road, including abandoning septic systems.
16-17	Woodville Sewer System Project Phase I	Leon County	\$1,500,000	\$1,500,000	\$3,000,000	Wakulla Springs	Leon	Design	Septic to sewer connection	Phase I to design and permit a central sewer system to service approximately 1,000 homes currently on septic tanks, in south Leon County and within the Wakulla Springs Priority Focus Area 1.
16-17	Advanced Septic Systems Pilot Project	Leon County	\$1,500,000	\$0	\$1,500,000	Wakulla Springs	Leon	In progress	Advanced septic treatment	Design and install individual advanced septic systems in a Leon County neighborhood within the Wakulla BMAP Priority Focus Area 1. This project is a partnership with Leon County, the Florida Department of Health, the Florida Department of Environmental Protection, and the Northwest Florida Water Management District. The pilot project will provide information on feasibility and nutrient reduction associated with advanced septic system, but is estimated to reduce nutrients by 886 pounds per year.
16-17	Gainer Springs Land Acquisition	NFWWMD	\$6,000,000	\$0	\$6,000,000	Gainer Springs	Bay	In progress	Land acquisition	Fee simple and less-than-fee acquisition (conservation easement) of up to 982 acres and spring bank restoration at first magnitude springs complex along Econfina Creek in northern Bay County. The project will help protect natural systems and reduce erosion to Gainer Springs Group.
16-17	Jackson Blue Spring Agricultural BMP Producer Cost Share Grant Program	NFWWMD	\$1,000,000	\$333,333	\$1,333,333	Jackson Blue Spring	Jackson	In progress	Agricultural or ag-related	Continue agricultural cost-share program in the Jackson Blue Spring basin. Assist approximately 32 producers with retrofits to improve water quality and quantity to protect a first magnitude spring.
17-18	Malone High School Sanitary Sewer Connection Project	Town of Malone	\$432,077	\$0	\$432,077	Jackson Blue Spring	Jackson	Close-out	Septic to sewer connection	Connect Malone High School to the Malone WWTP, abandoning 10 septic systems.

**Legislative Springs Projects in NFWWMD by Fiscal Year  
as of November 12, 2019**

<b>FY</b>	<b>Project</b>	<b>Cooperator</b>	<b>State Funding</b>	<b>Match</b>	<b>Total</b>	<b>Spring</b>	<b>County</b>	<b>Status</b>	<b>Project Type</b>	<b>Description</b>
17-18	Econfina Blue Spring Camp Improvements Amendment	NFWWMD	\$300,000	\$0	\$300,000	Econfina Creek springs	Washington	Construction	Spring restoration	Additional costs needed to complete restoration of project site and due to limited site access for contractors. Includes substantial additional earthwork due to grade to the spring.
17-18	Wakulla Gardens Sewer System Expansion Amendment	Wakulla County	\$1,066,280	\$0	\$1,066,280	Wakulla Springs	Wakulla	Construction	Septic to sewer connection	Increased capacity of force main to provide pressures needed to continue system expansion while meeting capacity requirements.
17-18	Blue Spring Road Sewer Expansion Amendment	Jackson County	\$165,549	\$0	\$165,549	Jackson Blue Spring	Jackson	Design	Septic to sewer connection	Additional costs to abandon septic tanks for up to 74 units and the recreation area facility; and costs for laterals to connect 18 additional units (currently 56, revised to 74).
17-18	Indian Springs Sewer Extension Phase 2A	Jackson County	\$2,000,000	\$0	\$2,000,000	Jackson Blue Spring	Jackson	Design	Septic to sewer connection	Design, engineering, permitting and construction to extend central sewer to upper Indian Springs subdivision, install onsite grinders for each home, and abandon septic systems, reducing nitrate levels in Merritt's Mill Pond and Jackson Blue Springs. Phase 2A includes the Magnolia Blossom, Oak Drive and partial Seminole Drive segments (serving 52 homes) and design for all phases.
17-18	Jackson Blue Spring Recreation Area Stormwater Improvement Project	Jackson County	\$729,200	\$22,000	\$751,200	Jackson Blue Spring	Jackson	Design	Spring restoration	Design and construction of a stormwater management system that captures and treats stormwater at Jackson Blue Spring.
17-18	Belair/Annawood Sewer System Project	Leon County	\$1,750,000	\$1,750,000	\$3,500,000	Wakulla Springs	Leon	Design	Septic to sewer connection	Extend central sewer service to approximately 113 residences in South Leon County currently on septic tanks. Project leverages the sewer extension underway in Woodside Heights. Project is within the Wakulla Springs Priority Focus Area 1.
17-18	Northeast Lake Munson Sewer System Project	Leon County	\$2,750,000	\$2,750,000	\$5,500,000	Wakulla Springs	Leon	Design	Septic to sewer connection	Extend central sewer service to approximately 260 residences in South Leon County adjacent to Lake Munson currently on septic tanks. Project is within the Wakulla Springs Priority Focus Area 1.
17-18	Horn Spring Restoration	NFWWMD	\$500,000	\$0	\$500,000	Horn Spring	Leon	Design	Spring restoration	Shoreline restoration and public access improvements at second magnitude spring on state-owned lands along the St. Marks River.
17-18	Econfina Land Acquisition	NFWWMD	\$1,000,000	\$0	\$1,000,000	Econfina Creek springs	Bay	In progress	Land acquisition	Fee or less-than-fee (conservation easement) land acquisition of approximately 289 acres in the Econfina Recharge area.
17-18	Jackson Blue Spring Agricultural BMP Producer Cost Share Grant Program	NFWWMD	\$1,500,000	\$500,000	\$2,000,000	Jackson Blue Spring	Jackson	In progress	Agricultural or ag-related	Continue agricultural cost-share program to the Jackson Blue Spring basin. Assist approximately 32 producers with retrofits and precision agricultural equipment to improve water quality and quantity to protect springs in the Dougherty karst region.
17-18	Wakulla Springs Land Acquisition	NFWWMD	\$2,400,000	\$0	\$2,400,000	Wakulla Springs	Leon	In progress	Land acquisition	Acquisition of lands within Priority Focus Areas 1 & 2 to protect Wakulla Springs.
18-19	Septic Connection to Existing Sewer in the Wakulla BMAP	City of Tallahassee	\$444,000	\$987,000	\$1,431,000	Wakulla Springs	Leon	Construction	Septic to sewer connection	Connect up to 50 properties within the city utility service area currently on OSTDS to existing central sewer in the Wakulla Springs BMAP PFA 1.
18-19	Indian Springs Sewer Extension Phase I Additional	Jackson County	\$462,487	\$0	\$462,487	Jackson Blue Spring	Jackson	Construction	Septic to sewer connection	Additional costs to complete existing Indian Springs Phase I project.
18-19	Capital Cascades Segment 3D Stormwater Pond	Blueprint Intergovernmental Agency	\$500,000	\$3,700,000	\$4,200,000	Wakulla Springs	Leon	Design	Stormwater	Construct regional stormwater treatment facility to treat approximately 60 acres that drain to the St. Augustine Branch, Lake Henrietta, and Lake Munson.
18-19	Cypress Spring Restoration	NFWWMD	\$500,000	\$0	\$500,000	Cypress Spring	Washington	Design	Spring restoration	Shoreline restoration and public access improvements at second magnitude spring along Holmes Creek.

**Legislative Springs Projects in NFWWMD by Fiscal Year  
as of November 12, 2019**

<b>FY</b>	<b>Project</b>	<b>Cooperator</b>	<b>State Funding</b>	<b>Match</b>	<b>Total</b>	<b>Spring</b>	<b>County</b>	<b>Status</b>	<b>Project Type</b>	<b>Description</b>
18-19	Magnolia Gardens Sewer System Expansion, Phase III	Wakulla County	\$3,191,811	\$0	\$3,191,811	Wakulla Springs	Wakulla	Design	Septic to sewer connection	Continue to expand and connect individual septic tank customers in the Magnolia Gardens neighborhood to the County AWT facility. Up to 116 additional homes connected.
18-19	Jackson Blue Spring Agricultural BMP Producer Cost Share	NFWWMD	\$1,500,000	\$500,000	\$2,000,000	Jackson Blue Spring	Jackson	In progress	Agricultural or ag-related	Continue agricultural cost-share program in the Jackson Blue Spring basin.
18-19	Jackson Blue Spring Grass-based Crop Rotation Program	NFWWMD	\$1,106,500	\$368,833	\$1,475,333	Jackson Blue Spring	Jackson	In progress	Agricultural or ag-related	Continue grass-based crop rotation program in the Jackson Blue Spring basin.
18-19	Jackson Blue Spring Land Acquisition	NFWWMD	\$2,072,000	\$0	\$2,072,000	Jackson Blue Spring	Jackson	In progress	Land acquisition	Fee simple and less-than-fee acquisition (conservation easement) of up to 1,140 acres within or approximate to the Jackson Blue Spring BMAP area. Project consists of four individual owners and all required pre-acquisition costs to complete transactions.
18-19	Chipola River Land Acquisition	NFWWMD	\$915,000	\$0	\$915,000	Chipola springs	Jackson	In progress	Land acquisition	Less-than-fee simple acquisition of 436 acres along Dry Creek and adjacent to Rook Spring in Jackson County.
18-19	Wakulla County Wastewater Improvements - Wakulla Gardens, Phase II Additional	Wakulla County	\$869,531	\$0	\$869,531	Wakulla Springs	Wakulla	In progress	Septic to sewer connection	Additional costs to complete existing Wakulla Gardens Phase IIB septic to central sewer project.
19-20	FY 2019-20 Springs Projects	Multiple	\$12,748,937	\$5,083,333	\$17,832,270	Multiple	Multiple	Planning	Multiple	Awaiting announcement of awards.
		<b>Total</b>	<b>\$ 72,618,415</b>	<b>\$ 33,127,656</b>	<b>\$ 105,746,071</b>
