Description of Position:

This is a full-time field position involving all aspects of field data collection with respect to the occurrence, distribution, movement and quality of ground and surface water, biological data and geological data needed to fulfill the District's mission. This position involves working outdoors year-round in a wide range of temperatures including inclement weather; and dealing with biting insects; thorny vegetation; and other field conditions.

- Provide superior service to the public, other governmental agencies and District staff.
- Operate and maintain District vehicles and boats, including scheduled services and safety checks.
- Install, maintain, and repair data station structures and installations.
- Identify damage to monitor wells and repair or recommend repair procedures as appropriate.
- Use surveying equipment to determine elevations of hydrologic monitoring sites, staff gauges and equipment.
- Documentation, tracking and proper disposal of assigned, inventoried District property.
- Install, set up, maintain, and use hydrologic, hydrogeologic, meteorological equipment, sensors and loggers and other data collection equipment as assigned.
- Perform wading and boat-based discharge measurements on drainage systems, streams and rivers.
- Collect, compile, and record hydrologic, hydrogeologic, biologic and meteorological data following standard operating procedures and ensuring proper quality assurance and quality control.
- Collect continuous data from loggers using a variety of Microsoft Windows based applications, process data as instructed and upload for electronic storage.
- Enter data into databases utilizing multiple user interfaces, menu screens and data quality assurance procedures.
- Assist in the procurement and maintenance of routine supplies.
- Perform other tasks as assigned by the supervising professional.
- Provide technical assistance to other staff.

How to apply: Submit a Northwest Florida Water Management District Application and resume to: human.resources@nfwwater.com ; or fax to 850.539.2777; or mail to 81 Water Management Drive, Havana, FL 32333

NOTICE TO APPLICANT: We hire only U.S. citizens and lawfully authorized alien workers. If you need an accommodation in order to participate in the application/selection process, please notify the Office of Human Resources at (850) 539-5999 in advance.

A separate application must be submitted for each Job Opportunity Announcement indicating the position number and title for which you are applying. Applications must be received in the Office of Human Resources by 5:00 p.m. of the deadline date in order to be eligible for consideration. Preference will be given to certain veterans and others related in accordance with Chapter 295, Florida Statutes, Veterans Preference Law. Applicant must provide the required proof of preference at the time of submitting an application for a vacant position. Males between the ages of 18 and 26 are required to provide proof of Selective Service Registration prior to employment or promotion.
