

**NORTHWEST FLORIDA WATER MANAGEMENT DISTRICT
JOB OPPORTUNITY ANNOUNCEMENT
Affirmative Action/Equal Opportunity Employer/Drug-Free Workplace**

JOA #: 22-15 **Position #:** 411021 **5/9/2022** **Application Deadline:** Until filled
Position Title: Hydrologist I **Starting Salary:** \$40,185.60 DOQ
Job Location: Headquarters - Midway, FL *Located 10 miles west of Tallahassee on Hwy. 90*

Minimum Qualifications:

Graduation from an accredited college or university with a bachelor's degree in hydrology, geology, civil/environmental engineering, environmental science, or water resources related field. Possession of a valid driver's license.

Special Abilities:

Working knowledge and experience in water resources and Geographic Information Systems (GIS). Excellent verbal and written communication skills. Demonstrated ability to work well under supervision and to work cooperatively with others in a team environment.

Description of Position:

This is a professional entry level position involving work in a wide range of water resources topics related to flooding, floodplain management, stormwater management, hydrologic restoration, estuarine and riverine systems, watershed hydrology, water resource evaluations and assessments. The position also assists in support of District emergency management activities and other related duties as assigned.

Responsibilities include:

- Provide superior service to the public, other governmental agencies and District staff.
- Assists with data management, presentation and reporting, data computation, and real-time information display.
- Analyzes hydrologic and climatological data to assist with water resource investigations, including but not limited to water budgets, statistical analyses, water chemistry analyses, rainfall/runoff processes, and hydrologic or hydraulic modeling.
- Performs tasks in support of stormwater management, watershed hydrology, water supply, flood control, water resources restoration, floodplain management, and emergency management.
- Assists local governments in the development and implementation of plans and projects related to management, protection, and restoration of water resources
- Provides grant project development, oversight, and administration.
- Performs other duties as assigned.

How to apply: Submit a Northwest Florida Water Management District Application and resume to: human.resources@nfwwater.com ; or fax to 850.539.2777; or mail to 81 Water Management Drive, Havana, FL 32333

NOTICE TO APPLICANT: We hire only U.S. citizens and lawfully authorized alien workers. If you need an accommodation in order to participate in the application/selection process, please notify the Office of Human Resources at (850) 539-5999 in advance.

A separate application must be submitted for each Job Opportunity Announcement indicating the position number and title for which you are applying. Applications must be received in the Office of Human Resources by 5:00 p.m. of the deadline date in order to be eligible for consideration. Preference will be given to certain veterans and others related in accordance with Chapter 295, Florida Statutes, Veterans Preference Law. Applicant must provide the required proof of preference at the time of submitting an application for a vacant position. Males between the ages of 18 and 26 are required to provide proof of Selective Service Registration prior to employment or promotion.
