

**Brewer Tract – 2011 Monitoring**  
**CORPS Permit No. 200002363 (IP-CP)**

Northwest Florida Water Management District (NFWFMD) staff conducted a site inspection and photo-monitoring March 8, 2011 for mitigation associated with CORPS Permit No. 200002363 (IP-CP). In partial fulfillment of permit conditions, the NFWFMD in 2005 purchased the 76-acre Brewer Tract<sup>1</sup> on the Blackwater River for perpetual preservation and management in a natural state. During the 2011 inspection no nuisance or exotic species, trash dumping or other disturbances were noted. Ecologically, this site continues to appear in excellent condition with abundant obligate, facultative-wet, and facultative vegetation.

<sup>1</sup> Acreage and year of acquisition incorrectly reported in earlier monitoring reports.
