

## **PART 2: CERTIFICATION**

I hereby certify I have read and will conduct the above activities in accordance with the criteria, limitations, and specific conditions of the general permit identified in Part 1 Section A, and in accordance with the general conditions of Rule 62-330.405, F.A.C. Unless otherwise provided in Chapter 62-330, F.A.C., activities conducted pursuant to the above general permit may commence thirty (30) days after providing written notice to the Department of Environmental Protection or the Water Management District, along with any required additional documentation which may be required to fulfill the requirements of the general permit, unless the Agency responds that the proposed work does not qualify for a general permit.

I understand I may have to provide any additional information/data that may be necessary to provide reasonable assurance or evidence that the proposed project will comply with the applicable state water quality standards or other environmental standards both before construction and after the process is completed.

I further acknowledge that work done under this general permit may also require the review and approval of other federal, state, or local agencies, and that commencement of construction before such federal, state, or local agency approvals or permits are obtained may subject me to enforcement action and fines or penalties by such agencies. Further, the work shall be conducted in a manner that does not violate applicable water quality standards.

In addition, I agree, upon being provided with reasonable notice, to provide entry to the project site for Agency staff with proper identification for the purpose of inspecting the site. Further, I agree to provide entry to the project site for such staff to monitor permitted work.
