(Please reference the above number on all correspondence)

Dear Colby Cleveland:

The Northwest Florida Water Management District (District) received your application on July 07, 2015 requesting an exemption verification for the referenced project.

Based on the information provided, the District has determined that the project is eligible for an exemption under 62-330.051. Therefore, the project will not need a District permit pursuant to rule reference.

This exemption verification only applies to the requirements of the District and does not relieve you of meeting the permit requirements of other agencies. Please contact Ron Potts at (850) 921-2986, Ken Greenwood at (850) 921-2986 if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Bateman".
