FROM: Jerrick Saquibal, Chief, Bureau of Resource Projects & Planning

DATE: November 8, 2022

SUBJECT: ***Supplement, Agenda Item 9*** – Consideration of Consultant Selections and Agreements for Aquatic Restoration Support

Recommendation

Staff recommends the Governing Board approve the selection committee's results provided in Table 1 and authorize the Executive Director to negotiate and execute agreements with all three firms.

Background

On November 1, 2022, the District received six (6) responses to the District's Request for Proposals (RFP) for Aquatic Restoration Support (RFP 23-001). This RFP was issued to provide contractual services to assist the District in supporting aquatic, wetland, and hydrologic restoration and enhancement related projects.

Three (3) proposals were deemed to be not responsive and not considered for selection. The remaining three (3) proposals were evaluated by the selection committee using nine (9) predefined selection criteria. The committee's selection scores are provided below in Table 1.

Table 1 - Consultant Selection Scores- RFP 23-001

Firm	Total Score	Avg. Score
Dewberry Engineers Inc.	258	86.000
Tetra Tech	257	85.667
